Application Procedures and Instructions

(For School Year 2010-2011)

Supporting Hawaii's Child Care Needs

Patch is Hawaii's only Child Care Resource & Referral Agency whose mission is to support and improve the quality and availability of care for young people in Hawaii. With the generous support of the State Department of Human Services, PATCH is able to provide for the professional development needs of the child care community by administering the Early Childhood Education Scholarships.

For residents of Hawaii Island only, Hawaii Island United Way has generously donated funding to support the professional development needs of the Hawaii Island child care community through this Early Childhood Education Scholarship. For more information, please visit our website: www.patchhawaii.org

PATCH is pleased to announce two types of scholarships for the Early Childhood community: Reimbursement and Needs-Based. The Reimbursement Scholarship reimburses monies to applicants who have passed eligible courses. The Need-Based Scholarship monies are awarded at the time tuition is due. Funding for both scholarships is limited and on a first come, first served basis.

What does the ECE Scholarship cover?

- Only *tuition* of eligible college coursework taken from in-state institutions. Books, student fees, online technical fees, etc. are not covered.
- PACE classes that have been *converted to college credits*.
- CDA direct assessment or renewal fees.
- **The ECE Scholarship does not cover any out-of-state courses, whether online or campus-based.**

What is the criteria for coursework?
